Meet Ollie, the world's
happiest earthworm!

You will never find a happier
earthworm than Ollie!

You see, Ollie is no ordinary earthworm. Ollie was once a man.

He was too vague with a genie wish once, which resulted in him being cursed to stay happy for all eternity.

(Also, he's a worm now)

Ollie is incapable of feeling sorrow.
He cannot mourn a loved one's death.

Even love is lost to Ollie, as blind
jubilation is the only emotion he will
ever know in this cursed state.

But it's okay! All the regret Ollie feels
for his wretched existence is magically
transformed into happiness!

Every ounce of dread translates into
an equal amount of fervent delight!

DAMN!

I LOVE

WIGGLIN'!!
